Steve Cliffe Ultrahaptics	Judges Award for Innovation	
Nick Travis Smith & Williamson	Mentor Award	

About Silverpeak

Silverpeak is an independent investment bank providing advice on M&A and financing transactions in the technology sector.

It serves the advisory needs of businesses operating in the technology sector, particularly companies at growth stage, both public and private, financial sponsors (typically private equity and venture funds) and corporates seeking to grow their business via investment or acquisitions, or manage their activity portfolio through spin-offs or divestitures.

Silverpeak typically works on M&A transactions, both selling & buying and larger financings involving international investors.

About The Worshipful Company of Information Technologists (WCIT)

The Worshipful Company of Information Technologists is the 100th livery company of the City of London, bringing together the centuries-old livery tradition and information technology, a key industry of the new millennium. Since 1992, when the Company was awarded livery status by the Court of Aldermen of the City of London, it has been actively demonstrating the relevance of the livery tradition to modern day society. The Company uses the time, expertise and resources of its members to promote the information technology profession and undertake a range of charitable and educational activities. The Company currently has some 780 members, all of whom have important links with the IT profession.
